

# 10th Annual “Kick It Clinic”

## Friday, July 13, 2018

### 5:30-7:30pm • Lembi Community Park Soccer Field

Over the years, we have trained hundreds of children in the fundamental skills of soccer. We use our passion for the game of soccer and our love for working with children.

The “Kick It” Clinic is a low cost soccer clinic for younger children in our community. The clinic will be organized and run by local Folsom and Vista High School players as well as collegiate soccer players who donate their time to plan and teach soccer skills to the children.

In addition to teaching soccer skills, this event will promote exercise and team work, while providing mentorship opportunities for the older youth.
